ABOUT US

→ Centurion Service Group: A TRIMEDX Company is a leading medical equipment lifecycle company, partnering with healthcare facilities to create a hassle-free, full-cycle, service-focused solution to extend the life and value of surplus medical equipment. Centurion Service Group develops strategies for medical equipment disposition—to pick up, transport, warehouse, and sell surplus medical equipment at auction. Centurion is your partner in the capital equipment process.

BUSINESS ISSUE

A 23-story, 2M sq. ft. hospital in downtown Philadelphia, PA, closed its doors due to bankruptcy. The hospital had over 4,000 moveable and fixed assets spread throughout the facility that needed to be sold and removed. The hospital had an immediate need to complete the sale of the remaining medical and non-medical assets.

PROBLEM

- Large 2M sq. ft. downtown Philadelphia hospital full of medical and non-medical assets
- 4K+ moveable and fixed assets needed inventoried, cataloged, and photographed for auction

SOLUTION

Centurion Service Group deployed multiple crews to prepare the auction sale and manage the removal post-sale

Centurion conducted a series of auction sales within 14 days

Over 4K+ assets were photographed, inventoried, and cataloged prior to auction

VALUE

- ✓ \$3M in proceeds generated from sales
- ✓ Removal completed within deadline
- ✓ Project completed to full satisfaction of the customer
